SUMMARY

- ✓ Having 3.5 years of experience in Web Development.
- ✓ Experienced in back-end development using NodeJS, Express, MongoDB
- ✓ Good Knowledge of building API using NodeJS, ExpressJS, MongoDB, Mongoose, NestJS, GraphQL
- ✓ Experienced in working in MVC (Model, View, and Controller) architecture and MERN Stack.
- ✓ On-site work experience
- ✓ Provide training to the colleagues while on bench
- ✓ Also Having Good Knowledge of HTML, CSS, JavaScript & TypeScript
- ✓ Partial Experienced in UI frameworks ReactJS, Bootstrap 5, Material UI

PRIMARY SKILLS

Backend Tech :

NodeJS

Express JS

NestJS

GraphQL

Database :

MongoDB

PostgreSQL

Version Control:

GitHub

Bit Bucket

SECONDARY SKILLS

Web Language:

HTML

CSS

JavaScript

TypeScript

Frontend Tech :

ReactJS

Redux

Bootstrap

Material UI

EDUCATION

EDUCATION & DEGREES	UNIVERSITY/SCHOOL	RESULT (%)	PASSING YEAR
B. TECH (APPLIED & INSTRUMENTATION)	MAKAUT, West Bengal	79	2017
I. SC (PHYSICS, CHEMISTRY, MATH)	Gyan Bharti, Gaya	57	2013
